## Private Health Care Attorneys

The following list of attorneys, who have experience working with health care issues, was compiled as a courtesy to members of the Wisconsin Medical Society. The Society does not specifically endorse any of the attorneys listed, and the absence of an attorney's name from this list does not indicate that an attorney is not qualified to handle health care issues. Attorneys are listed in alphabetical order and any specializations noted under the attorney's e-mail address were provided by the attorneys. Also included at the end of this list are names of other non-legal resources.
