TASK FORCE ON OPIOID ABUSE, MISUSE, AND DIVERSION

Charge: The Opioid Task Force shall counsel and advise the Wisconsin Medical Society through four primary goals related to the changing landscape of opioid misuse, abuse, and diversion:

1. Review and update Society opioid policies to reflect the current field and needs of Wisconsin physicians and patients.

2. Track and influence state and national legislation and its impact on patient care.

4. Reduce and prevent opioid abuse, misuse, and diversion throughout Wisconsin through grant-funded collaborative efforts with key stakeholder groups and within community-based initiatives.
